Susan OSBORNE

IN RECENT decades, the United States has preceded Great Britain in developing everything from refrigerators and TV to atom bombs and rockets — but now the English are finally starting a boom that might be the biggest salvo of them all. This time, they seem to be going Uncle Sam one better with beauties on parade, led by Susan Osborne.

Of the many scrumptious Britons uncovered by MM, Susan Osborne with her meaty parts is so impressive she could grow hair on the American bald eagle. From a nation once better known for its fish 'n chips than for its females, Susan and her sisters in loveliness can stand up against competition anywhere in the world — proving that Britons are doing one helluva fine job producing delicious females. Moreover, the developments are not wasted, either, as evidenced by the fact that Susan has a delightful face to accompany her dynamic form. Sadly, Britannia will not reveal the secret of its sexcess, and Susan insists she just grew naturally to perfection.

SUSAN...

As long as "bundles from Britain" keep coming in such shapely packages, who cares about the minor details of breeding. The world is now a better place because of Susan Osborne and her singing flesh. □

GIRLS' DIRTY JOKES

by Dan Bennett

A COUPLE OF swinging chicks lived together and one night their doorbell rang. One of the girls went to the door, then shouted to her roommate: "Hey, there's a soldier out here to see you with a Purple Heart on!"

"I don't care what color it is," screamed the other girl. "Bring him on in and we'll both use it!"

If a man was out with a girl who told this story to him, he would think he knew immediately how to judge her and then react accordingly. His slumbering libido would break into a lustful leer and start running off choice 16-mm stag movies in the private screening room behind his eyelids. No matter how pristine and proper the girl had been up until then, no matter how unassailable her virtue seemed, the dirty joke she told transformed her instantaneously into a Pushover.

Men are too often deceived by the shy innocence of some chicks they meet, but they shouldn't be. More often than not, behind that charming feminine modesty lurks a ribald sense of humor dirty enough to make a stevedore blush. Girls know more dirty gags than a whole convention of traveling salesmen, but most females are unaware that in those jokes they know and tell lies the key to what their sexual likes and dislikes really are. But once a man has learned to decipher the dirty stories girls tell, these females are stripped of their mystery, and once a girl has been stripped, she can be licked, figuratively and literally.

For some strange reason, when a girl tells a dirty joke, most studs react as though they've been handed the key to a girl's chastity belt. But this is an unfortunate male misconception, and it has caused millions of would-be Don Juans to waste their time, money and effort trying vainly to thaw icebergs and deflower confirmed virgins.

The female mind just doesn't work that way. According to psychiatrists, when a man tells a girl a dirty joke, he's symbolically seducing her. But for the female, bedroom humor is not a substitute for bedroom activity,

or even a prelude to it. She's not trying to get a man's cock to rise and go into action. She just thinks she's being funny, or proving that she's a good sport.

However, to the trained observer, the poor feminine creature is in reality giving away her unconscious attitudes toward sex. Unwittingly, she's revealing by the sexy jokes she tells, just how far she's willing to go—and whether or not her mons is twitching and oozing at the mere thought of an impending invasion.

Until now, only a trained psychiatrist or psychologist could read this information in a girl's dirty stories. The average man, who is tuned into only the sound of a bra unsnapping and the creaking of bedsprings that he conjured up in his mind, was simply unprepared to interpret her jokes accurately. But after much research in this field, a simple system has been devised, and with it any reasonably bright young man can score his girlfriend on her mattress-bouncing proclivities. In other words, he can tell whether or not he has a chance of having a pubic picnic or if the girl is going to put his dicky on a starvation diet.

This simple system of judging girl's dirty stories can revolutionize a man's sex life. No more wasted dinner dates and gifts of booze, flowers and candy, theater tickets or expensive jewelry. By dissecting a girl's dirty gags, he can tell immediately whether he's going to wind up between her thighs in bed, or bored.

Example: Suppose a stud is on the prowl, looking for the opportunity to pop his self-rising dough stick into a heated ovarian oven. He's at a party where people are drinking cocktails and telling them. He meets a curvaceous redhead, a shapely high pressure area with a 39-inch bosom in a 36-inch bra. She's a sexpot in sandals, with a pony tail, wide leather belt, flaring skirt and copper jewelry. He gets her a drink, then leads her to a quiet corner—and at this point she tells him this story:

A big fire that broke out in a country hotel caught a curvy young chick naked in her shower. Frantically she jumped out the window and ran—fleeing for her life—down a dark road until she was exhausted. Soon a young man came by on a bicycle and offered her a lift. She jumped on the handlebars in front of him and after they'd ridden a way the girl

said, "You're not very observant. You haven't even noticed that I'm completely naked and physically exhausted and that you could do anything you wanted to do to me away out here in the middle of the woods, and I wouldn't be able to resist you."

"You're not very observant, either," replied the young man. "You haven't even noticed that this is a girl's bicycle I'm riding!"

If he's like the average stud, the listener would lick his chops and think: Man, I've just met this chick and already she's talking sex!

So he forgets his budget and goes all out. Dinner at a little intimate Italian restaurant, where everything is *ala carte*, including each separate strand of spaghetti, and where the charming candlelight makes it impossible to read the prices on the menu. He buys the wine the waiter suggests, not realizing it's the most expensive in the city, then it's dancing at an expensive nightclub, then a succession of coffee houses for *cappuchino*, at a buck a sip.

Finally, by promising to loan her a book on *Zen and the Western Sexual Positions*, he gets her up to his pad. Now he figures his next job is to get her onto his Copulation Corral where he can lie with her while he can take his rough-riding ramrod and drive his longhorn down the Old Jism Trail, herd his beef into her Clitoral Corral and rush off to spend his pay in her Uteral Saloon.

He puts his stack of pre-tested albums on the stereo and he's already taken the precaution of removing all of the 60-and-75-watt bulbs, and if she complains about the darkness, he just looks vague and mumbles something about tired filaments. He mixes some drinks, makes hers three times stronger than his, and he does *not* put on his dressing gown because he hasn't watched too many Cary Grant movies on late-night television.

So far, so good. Now, as the stack of records progresses from Mantovani's *Strings* to Ravel's *Bolero*, he takes a deep breath, lets his fingers crawl from around her waist up to her succulent boobs, and makes his pass.

And it flops!

The redhead is too hip to slap his face and then run out and slam the door. But she goes into her "Don't be silly . . . let's not spoil a beautiful friendship" routine, and that's just as

THIS IS THE MOST IMPORTANT LETTER YOU WILL EVER READ!
PLEASE GIVE ME TEN MINUTES RIGHT NOW!

My name is Sid Rosen. I've been a wheeler-dealer all my life and I've been involved in hundreds of successful businesses. Let me tell you what I can do for you.

I will make you appear to be a millionaire...in just four weeks! I will teach you how to GET SMART AND LIVE GREAT! I will teach you how to capitalize on human nature, human emotions and human greed. I will teach you to open previously locked doors, create unlimited opportunities and place yourself upon the glittering path to financial prosperity and success. I will help you to acquire and enjoy all the marvelous things in life you've always dreamed of having but felt you would never get — like a luxury cruise around the world, a color T.V. in every room, expensive cars, luxurious homes, beautiful clothes, gourmet foods, cameras, gadgets, you name it. I Will Show You How To Get It!

I have learned (the hard way) that it is possible to create the "illusion" of great personal wealth quite easily in today's credit oriented economy. Notice now, that I have used the term "illusion"...for that is exactly what our entire capitalistic society is based upon.

People, including you and I, believe what they see! We presume a person to be wealthy when seeing his expensive home, high priced cars, well tailored clothes and luxurious lifestyle. You've probably heard the saying, "It Takes Money To Make Money" and you probably have also heard the saying, "You Can Only Borrow Money When You Have Money." The truth that I will teach you is that in today's economy it only takes "THE ILLUSION OF HAVING MONEY"...to make money and it only takes "THE ILLUSION OF HAVING MONEY"...to borrow money. Remember this, in today's financial marketplace, most money transactions are merely bookkeeping entries and nothing usually changes hands but scraps of paper. This is one of the secrets I will reveal to you in great detail!

Are you having trouble borrowing money? Making loans? Getting mortgages? Leases? Credit Cards? Charge Accounts? I will change all that! I will start you on the road to building an AAA+ credit rating that will enable you to get cash, mortgages, houses, property, credit cards, furs, jewelry, airline tickets, just about anything...in hours on just your signature or even on the telephone!

I will teach you to wear the hat of a millionaire no matter what your present situation, occupation or past history. My "Smart Money Plans" will enable you to drive a luxury car for which you paid nothing; move into a luxurious home with no money down; walk into a bank and get a $10,000.00 signature loan and mingle in the top financial and social circles of your community. S/M/P will even cover your tracks if necessary; misdirect credit investigations. It will even show you how to disappear and become another person to start all over again if necessary free from past obligations.

I'll tell you this...I call many of my plans "secrets" because I don't think that more than one person in a thousand knows any two of them and perhaps only one person in fifty thousand knows all of them. And believe me, most of my secrets are astonishingly simple, just requiring the right knowledge and a little brains, guts, gumption, time and effort!

My exclusive S/M/P manual will explain my many techniques in detail with step-by-step instructions on how to make them work. With this information in your possession, you will have the knowledge to get everything you desire in a matter of weeks, not years. There has never been a revealing 'insider manual' published like this before. Everything...and I mean EVERYTHING You Need To Know Is In My Manual, which will be sent to you in a plain envelope.

The price of my manual is $10.00 plus your signed pledge that you will not duplicate or otherwise, reproduce or resell my secrets.

Now, I know that most of the people who read this letter will not act upon it. They will be suspicious, timid and unmoved by what I have revealed here. They will reject it quickly as some kind of con game or a lot of bull! This is good and this is as things should be, because if there were too many people with enough faith in themselves to act on my "Smart Money Plans," it could be made useless to the rest of us. This very fact, that so few people have the sense and guts to try, makes my secrets remain secrets and makes the opportunities for the rest of us smarter and more aggressive people practically limitless!

So to you who will not act, please accept my thanks. Your indecision and inaction will help make the rest of us rich! I will leave you with this closing statement. Every word in my manual is true! Every technique workable exactly as stated and can be put into immediate operation. I offer my manual to you only once! I have no future discount deals or the like. My offer is $10.00 for the complete manual and you gamble that $10.00 on yourself. There are no refunds and I guarantee you no extra charges or come-ons for additional money. I have absolutely nothing else to sell and, of course, I will keep your name completely confidential.

It's your move now!

Sid Rosen

P.S. I've added a fantastic entire section that will teach you how to Extract Gold From Your Credit Cards. I will teach you to raise your credit card ceiling from $200.00 to $10,000.00 or more in minutes...How to raise $5,000.00 in cash in one hour on your credit cards even when you can't get a loan anyplace...How you can use your credit cards to make hundreds of extra dollars on business trips, vacations, visits to relatives with absolutely no work involved...How to go into debt with your credit cards and end up making seven times your investment...How to pyramid your credit cards into $10,000.00, $20,000.00, even $30,000.00 in cash when opportunity calls. Yes, I'll teach you all this and more. You've Got Gold In Your Pockets And You May Not Even Know It...BUT YOU WILL LEARN SOON!

bad. And just as final!

Where did he go wrong? His mistake was in trying to operate without the benefit of a scoring system for a girl's dirty jokes.

Here's how it works. Simply look for certain basic elements in the dirty gags a girl tells, then rate each one as a plus or a minus. Finally, add up the score.

The *Plus* signs to look for are: Nudity, successful completion of the sexual act; food, because of its association with pleasure; animals because they indicate an awareness of nature; phallic symbols such as trees, chimneys, towers, guns, etc.; sexual acts such as fellatio and/or cunnilingus; and any other sexual play that both sexes derive pleasure from.

The *Minus* signs are: Frustration or interference with the sexual act; authority such as police or bosses; pain; punishment; humiliation; sexual prowess viewed disparagingly; money; disfigurement or physical distortion; phallic symbols of a frightening nature, such as knives, snakes, lizards, etc.; and any other sexual play that both sexes regard as painful.

In addition, there are a couple of special cases. For example, female nudity coupled with the avoidance of sex indicates a narcissistic personality—an exhibitionist who'll enjoy teasing, then frustrating a man. However, the presentation of the ludicrous side of sex is not to be confused with "humiliation" or "sexual prowess viewed disparagingly." It simply indicates a warm personality with an appreciation of the comic side of life.

Here's the way the system works. Take the bicycle gag. The girl who told it is very strange indeed. Nudity is there, sure. But the avoidance of the sexual act is also there, along with homosexuality. Two minuses to one plus. The emphasis on homosexuality indicates that she could think it's normal, and also, the girl may be disturbed by her own feelings about sex. There is also evidence that she may be a practicing or latent homosexual herself.

The guy should have left this redhead at the party the moment she told him this gag.

But how about a girl who tells a story like this?

A woman confessed to her priest that she had committed adultery.

"You should have seen the guy," she said. "He had a big hairy chest and he was hung like a bull. He came to my back door asking for food and I gave him some roast beef and potatoes. After he'd eaten, he just unzipped his pants, took out his huge, erect, pulsating pylon and grabbed me."

"Was it against your will?" asked the priest.

"No," giggled the woman. "It was against the cupboard . . . and you should have heard the china rattle when his testicle treat invaded my precious pantry!"

Now, here's an earthy wench who told this gag. The joke includes no minuses, but does mention nudity—the hairy chest—and food, both pluses. Another plus is her evident admiration for the man's large prick. Too, her talk of the man being hung like a bull indicates a robust, healthy personality as far as sex is concerned. Also, she doesn't take too dim a view of adultery so if you knock on her back door some time and ask for some food, she'll get the point.

Here's another example. An extremely sexy girl with a mouth-watering figure who was a former stripper had a blue bird tattooed on her tummy just below her navel. This worried the girl's mother no end because the girl was about to be married and the mother was afraid her new son-in-law would think his bride a low hussy or something on account of the tattoo.

So after the wedding and the nup-

Swinging a mean canister, the right kind of maid knows how to please

SEX AND THE SERVANT GIRL

BY FRANK THISTLE

"SHE SAT on the bed and spread her long legs wide apart. 'Place your mouth to my quiff and let me see how obedient you can be.' With that, Elizabeth leaned far back and presented bare to his view, the dark, moist-looking softness in the recess of her spread crotch. Immediately, Charles dropped to his knees before her. His face hurried between her thighs and the woman sighed as she felt his mouth pressing her.

"She had trained him well and his tongue probed deep into her quiff to perform the demanded task. "Keep going,' she began to pant a little, 'keep on until I tell you to stop.' Charles felt her body beginning to jerk toward him in hot spasms. Inspired by her own passion which was growing to meet his own, he continued to lick and press hotly against the softness with his mouth until he heard a prolonged moan break from the throat of the woman. He knew then she had completed her come.

" 'Get to your feet,' Elizabeth commanded

full belly while her right hand drew the skin back and forth along the shaft of his tool. She felt him bend a little and sag against her and she smiled as he emitted his sperm in great spurts.

"When Elizabeth felt the tool go weak and flaccid in her hand, she knew it was completely void and released it. Without a word, the naked woman picked up the cane and her discarded gown and walked from the room. With glassy eyes, Charles stared silently at the departing form, the full, oval buttocks jouncing with each strong stride."

The foregoing passage is from the classic book of Victorian erotica *A Man and Three Maids.* The book describes how servant girls indoctrinate a boy named Charles into the mysteries of sex. Such practice, of course, is nothing new. From earliest times, servant girls have been introducing young boys to sex by various means and the practice is still running rampant today. Listen to what Dr. Shailer Upton Lawton, a New York psychiatrist, has to say on the subject.

If you want complete satisfaction, make sure your maid comes with a big mop

as she pushed him away roughly. He stood in front of her, his hand wiping at the taste of quiff on his lips and in his mouth. 'What's the meaning of this?' she demanded. 'What do you mean, Nanny?' 'I mean' you wicked little boy, that your bird has grown big. How dare you be so in my presence. Make it go down at once.' 'I can't, Nanny. It won't go down.' 'Won't it though? We shall soon see about that.'

"Moving off the bed, the woman reached for him and turned him around roughly. Her right hand closed around the erect tool and she began to masturbate him. As she did, her left arm around his stomach drew his burning posterior against the relative coolness of her

"Any psychiatrist can testify to the frequency with which servant girls play a part in the sexual development of very young boys. Male patients continually tell me that their earliest recollections of sex activity is through some sex play initiated with them by a domestic servant or baby-sitter.

"In the New York City House of Detention I once asked a 24-year-old baby-sitter who had been arrested for corrupting the morals of a 12-year-old boy why she had felt impelled to seek sexual satisfaction at such an immature level.

"'There isn't just one reason, I guess,' she replied. 'A whole lot of things add up to one big temptation for me.'

"'What kind of things?'

"'Well, it's a thrill to watch how surprised a young boy is when you teach him what to do. You know he's a virgin, and he'll never forget you. It's kind of like a way to influence him for his whole life.'

"'What other feelings tempted you?'

"'You know a boy that young can't get you pregnant. So you don't have to take any precautions. And sex is a lot more exciting that way.'

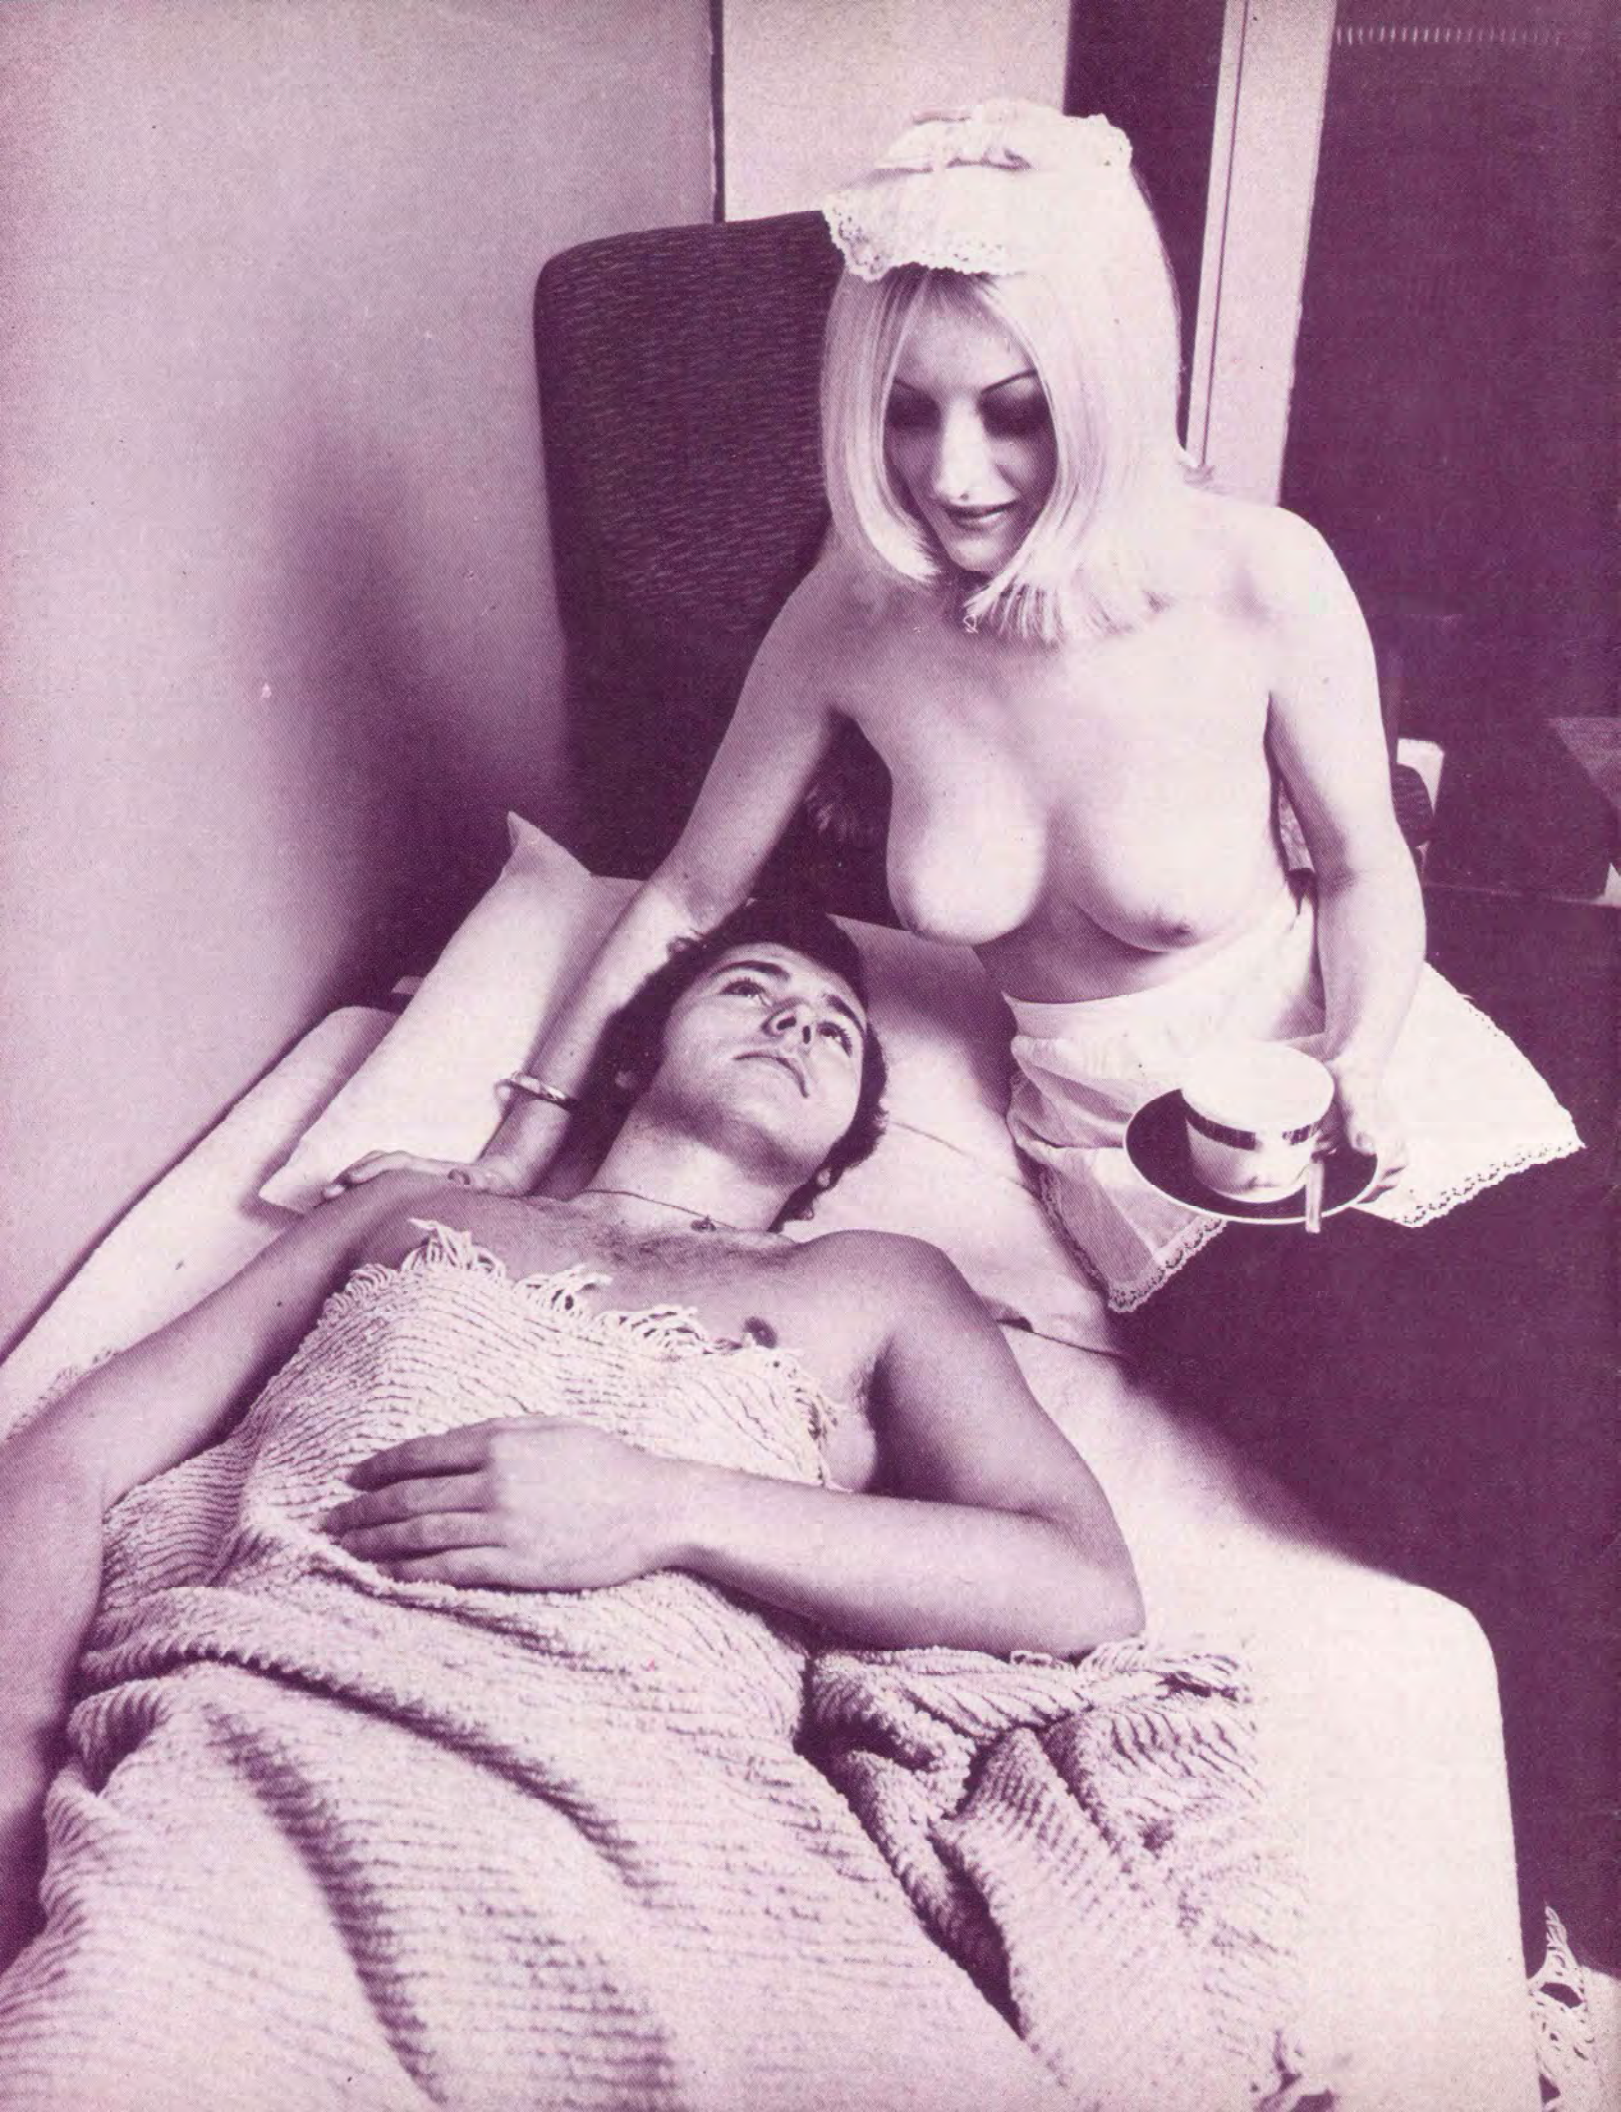
"'Anything else?'

"'Well, with a boy that innocent, you can tell him everything to do. You can just get the kind of satisfaction you want. You'd be too ashamed to try that with an older boy or man.'"

This discussion Dr. Lawton had with this baby-sitter who liked to seduce young boys is quite revealing and sheds a little light on why servant girls love to corrupt the morals of the boys they are hired to take care of.

Actually, although a boy may not realize it at the time, a lot of harm can result from his being introduced to sex by a servant girl. Psychiatrists say many psychosexual difficulties and disorders that plague a man in later years are caused by a maid or some other servant who warped the sexual life of the boy they were entrusted to care for.

The most common sexual maladjustment servant girls are responsible for is the fetish — a fixation on a type of sexual excitement associated with early seduction. Dr. Lawton tells of the case of a 30-year-old male he treated who couldn't be sexually aroused by any woman who took her clothes off, or wore a nightgown. For him to get a hard-on, a lady had to be a brunette, wear earrings, and remain fully dressed except for a lack of step-ins. It seems that at the age of thirteen he had been sexually initiated by the family maid — a brunette with earrings who managed her liaisons with the boy swiftly and unobtrusively by simply lifting her dress, then lowering it afterwards and going serenely about her work.



For maids who work in homes with young boys, life is often just a bowl of cherries

I talked to a buddy of mine the other day who had three or four maids to cater to his every desire during his adolescence. And he told me about his first sexual experience with one that almost gave me an erection.

"I can remember when I was about ten," he said. "My folks had hired this maid who was absolutely out of sight. I really don't know how my mother let my father get away with hiring her. Anyhow, she was something else. She was tall and blonde, with big tits, and I'll never forget her ass action. Anyway, one day I came home from school early and I caught my father fucking her right on the living room floor. My mother was out of town at the time.

"Now you'd think that the maid would have been embarrassed — or at least that my father would have been — but no. He just rolled over and went to sleep. Then she gave me a real sexy look and said, 'Tommy, come over here, I want to show you something.' Well, what she wanted to show me was her snatch. I had never seen one before and I must admit I was fascinated. She made me put my finger in it and later my tongue. The more I poked my tongue in and out the more excited she became.

"By this time my little cock was getting stiff. She told me to lie on my back and she'd take care of it. Then she got between my legs and began tickling my balls with her fingers and tongue. When my cock became as stiff as a sword she popped it into her mouth and sucked on it until I squirted down her throat. And that's how my maid introduced me to sex."

The case of my buddy is not at all unusual. Probably a third of all males in the country were taught about sex by a servant girl. In fact, in many wealthy homes, fathers

While you breakfast in bed, the maid will gladly keep your sausage warm in her oven

often pay the maid a little extra to initiate their son or sons into the pleasures of the flesh. Many men feel that an affair with the maid will help their sons graduate into manhood safely and conveniently. Some fathers have actually paid maids in advance to seduce their sons.

The sexual role of the servant girl in society is of very long standing. The practice is so widespread in Europe that "maid" and "mistress" are sometimes synonymous. This aspect of Continental life has furnished many writers with the plot for famous books, plays, and short stories. For example, Guy de Maupassant, the famous French author, was constantly preoccupied with the sex role of the maid in his works. In one of his short stories, a wife overhears her husband ar-

range a midnight rendezvous with the new maid. She mischievously arranges with the maid to switch bedrooms for the night. The husband crawls into bed in the dark and enjoys himself immensely with his wife, thinking he is screwing the maid. Two classic novels, Voltaire's *Candide* and Defoe's *Moll Flanders* concern maids who have affairs with their masters.

The extracurricular activity of maids is not precisely a novelty in America, either. When black slaves were first brought to the South from Africa practically every black servant girl was royally fucked by her master and the sons of her master. One of the well-known novels portraying this fact is *Mandingo*, which was made into a movie. The practice, of course, is still commonplace today. Actually, some white men have screwed black girls so much that they no longer like sex relations with white women.

"You bet I'm partial to chocolate chicks," says a white plantation owner in Alabama. "I'll take a homely brown-skinned baby over a cute white chick any day of the week, and I'll tell you why. Those sweet little brown bonbons are not only the wildest thing in the sack ever, but they'll do anything — *anything* — you want. And I mean to tell you they really love that way-out kind of sex. Matter of fact, half the time you don't even have to ask 'em for kinky stuff, they're usually one step ahead of you.

"My favorite black servant girl is named Ida Mae. And is she ever stacked! Those big round brown boobs of hers are a 40C, if they are an inch, and even without a bra, they stick right out there like some kind of big brown melons. Nipples as big as ripe olives, too, and about the same color. She has the thickest, glossiest pussy-bush I've ever seen on a gal, black or white, and the roundest, tightest, poutiest little ass. Like two plump loaves of brown bread pushed together in the same pan. Mouth-watering.

"She's my favorite fuck of all my black servant girls. She starts right out by gobbling my joint and tongue-bathing my whole crotch. Then, when she really has me flying, she climbs on and fucks me in ways I didn't know you could get fucked. She goes at it like she was hell-bent on wearing me clean out. And, believe me, she does. Sometimes she can make me come four times in an hour. Man alive. I wouldn't trade her for a dozen of the best-looking white chicks in Hollywood."

In today's climate of women's lib and growing equality for blacks, some black servant girls have more than "sugar plums dancing in their heads" while balling their white masters. Consider the case of Lucy, a 22-year-old black girl who has worked on Georgia cotton plantations all her life. She has balled her various masters ever since she was 10 years old. She's still doing it

THE MOST LIKELY CANDIDATE FOR MANIAC IS YOUR OWN NEIGHBOR

Sex Maniac Myths

BY ROBERT BLACKBURN

GUYS WITH persistent but perfectly normal hard-ons and a certain urge that guarantees the survival of the human race, are often accused of being rampaging sex maniacs. Their accusers are women — the very females they are being kind enough to service sexually. What an outrage.

With typical female logic, the ladies who are getting laid at frequent intervals, exactly as Nature intended, object to the lusty sex drives of their men and express their criticism in words which almost every pussy-penetrating stud has heard at one time or another. "I don't know what's the matter with you," protests the privileged female. "You're nothing but a sex maniac!"

Sometimes the guy doesn't know whether to take this as an insult or a compliment, but having thought it over for a couple of seconds or less, he decides that it does have complimentary overtones. The inference that he is a sexual brute, a walking erection intent on forcibly raping and mistreating any woman who takes his fancy, is admittedly a little disturbing. But the very fact that she thinks of him in terms of a lusting madman obviously implies that his virility and sex drive are superior to those of the ordinary Joe. Which is encouraging.

In fact some women who enjoy constant screwing but don't wish to admit it, use the term "sex maniac" with genuine admiration and not in a critical way at all.

But who is a real sex maniac? Can he be pinpointed on the street, in a tavern, at a swinging party, in a church? How does he differ from men with normal sex drives? Since women are so fond of using this extreme term to describe the gentlemen who are merely doing their damndest to make females sexually happy, these questions deserve down-to-bedrock answers.

Like, for instance, the fact that a composite picture of the genuine sex maniac is not possible. You could not pick him out of a crowd. The person who pictures the sex fiend as an apelike wild-eyed maniac with a low IQ is usually amazed to find him a passive, retiring individual, often introverted and possessed of an inferiority complex.

Far from being oversexed, the usual sex maniac is undersexed. Many offenders are actually impotent at the time of their attacks. Maintaining a hard-on is a problem.

Single men account for about 60 per cent of sex crimes which include forcible rape, statutory rape, indecent exposure, incest, sodomy, abduction, and seduction. Married men are responsible for 26 per cent of the sex crimes, with the remaining 14 per cent

credited to men who are separated, divorced or widowed.

Furthermore, the sex criminal is not the low IQ type in all cases. Thirty-six per cent have completed elementary school and another ten per cent have high school diplomas. Most of them, however, are men who did not do good work at school.

When a city becomes aware of a growing sex crime situation the cry goes up: "A sex criminal is on the loose. What can we do?"

Our ancestors, back to Stone Age Man, have asked the same question. In the days of William the Conqueror, any man found guilty of a sex crime had his penis cut off and his balls crushed in a vice. This seemed like the most logical solution to those kindly ancient legislators. If you took away a potential murderer's knife, he was unable to commit murder. Why, they reasoned, shouldn't the same theory apply to rapists and sadists.

Experience, however, taught them that where sex maniacs are concerned, ordinary applications of law did not apply. Destroying the method does not destroy the unnatural desire. The pervert finds sexual satisfaction in assault or murder.

The ancients gave the death penalty a trial, but it proved as ineffective then as it is today. The death sentence apparently is not the answer. In some states where the death penalty was evoked, rapists and sex criminals remained as abundant as ever.

"If all the sexual psychopaths were exterminated today," says Dr. Ben Karpman, an authority on sex criminals, "the next generation would have just as many."

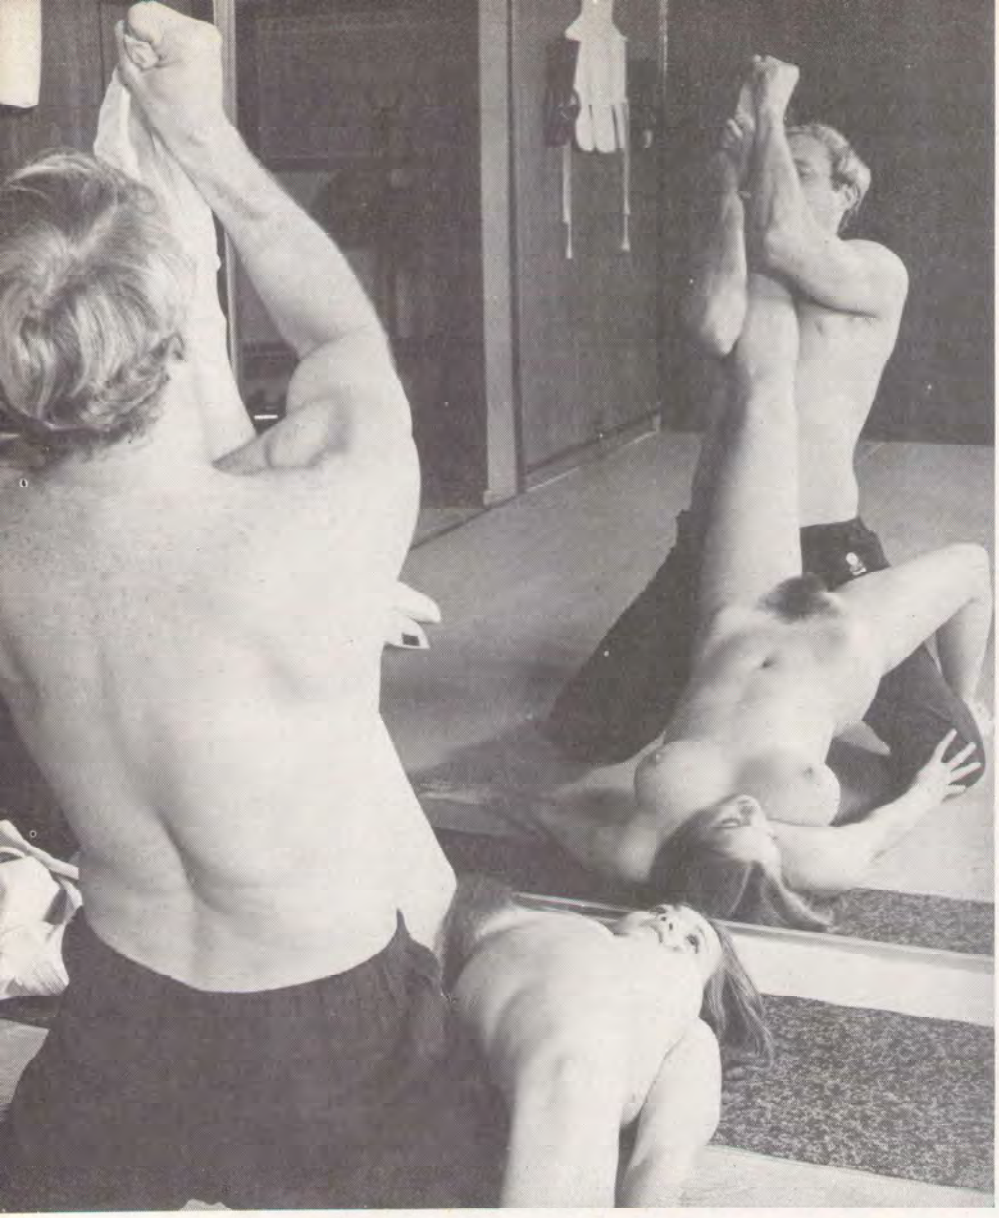
Reviewing and rewriting outdated sex laws is a step in the right direction according to Dr. Karpman and other authorities, but is far from being a solution to the problem. In states where laws relating to sex criminals have been overhauled, rape and molestation continue or even show an increase. On a national scale, sex crimes of all kinds have shown a 110% increase since 1966.

Working on the theory that sex crimes spring from a basic mental illness, exhaustive studies have been conducted by clinics, universities, and other social and legal agencies in an effort to get at the abnormal psychology of the sex maniac.

Probably the most thorough investigation to date was made in San Francisco under the direction of Dr. David Abrahamsen, one of the world's leading psychiatrists, and his staff. They studied not only prison inmates who were officially committed for sex crimes, but also those who had committed sex offenses incidental to other major crimes. Of the 102 men subjected to study, nearly all suffered from some type of mental or emotional disorder.

"It should be noted," Dr. Abrahamsen said in his report, "that while sex crimes are often a manifestation of a mental or emotional

A perpetual hard-on does not a maniac make. Perverts are often impotent



ronment. A typical case quoted was that of David, a shy, maladjusted, insecure youth possessed by all kinds of sexual conflicts. He was charged with the rape of a sixteen-year-old girl.

David's history showed that he came from a home where abuse was the rule. His father was a drunkard and beat the boy's mother at regular intervals. She, in turn, whipped David, often so severely that neighbors were forced to call the police.

David did not do well in school, although he was not a trouble maker. At the age of nine he began stealing women's undergarments from basements and clotheslines. By putting the garments on his own body, he was able to achieve an erection and a climax. Later, he secured these garments by robbing rooms. He began to have erections at the sight of a window behind which he knew a woman undressed and when he robbed that room he often ejaculated as he went through the window.

Psychiatrists concluded that by stealing these undergarments, David was trying to find the affection and love that he had not received from his mother. When he raped the sixteen-year-old girl, he was attempting to punish her as he had been punished in his own

The most likely guy to go bananas is the sanctimonious prude who rails against "obscenity"

disorder, there is no known mental disorder that presupposes the commission of sex crimes. It is possible that through psychiatric therapy, an individual may acquire enough emotional understanding and maturity to be able to control his aggressive impulses, even though the basic mental disorder continues to exist."

By basic disorder, Dr. Abrahamsen meant upheaval rooted in the past of the person studied. Either the parents of the subjects were guilty of cruelty and deprivation of love and affection, or, at the other extreme, they were guilty of excessive coddling. Other lesser factors were found to influence the later development of the sexual psychopath — things like broken homes, slum environments, and bad companions leading them astray.

Case after case from any psychiatrist's notebook will support the conclusion of the San Francisco study that a sexual maniac is primarily a product of his envi-

youth by sadistic parents.

The conclusions drawn by psychiatrists often seem far-fetched to the average person, but in states where the treatment-instead-of-punishment theory has been tested, results have indicated that it is probably the best available approach to the sex maniac problem today. Confinement alone solves nothing. Unless something is done to correct the emotional situation that caused the original trouble, similar incidents occur after the inmate is released if the same psychological factors and outside stimulus are present.

One significant discovery made by the San Francisco investigators turned out to be a real shocker, and provided a solid clue that today helps identify the potential sex maniac. It involved the relationship between the rapists, as children, and their mothers. This relationship was distinctly sexual. The mothers were described as "sexually forceful, aggressive, and possessive," and, under the guise of "coddling" or "affection," they sexually overstimulated their young sons, playing with their penises and testicles, and bringing them to orgasm repeatedly.

In one instance a sex maniac's mother had introduced him to cock-sucking and anal intercourse when he was twelve years old. In another, the mother had continuously drawn attention to her own naked body and had taught her young son to play with her clitoris and suck it while she masturbated him.

A third mother was "over-protective", sexually stimulating her son a great deal and demanding constant sexual contact between them. Thus, these mothers gave their sons sex up to a point — then took it back when the sons became adults.

Yet these same mothers alternated their seduction behaviour with deliberate cruelty, harshness, and beatings. It was as though they suddenly realized they were overstepping the bounds of a normal mother-son relationship and tried to stifle their guilt feelings by going to the other extreme. One rapist gave a vivid description of his mother's inner conflict when he recalled, "My mother was like two people. Sometimes she was drunk, cruel, and the most abusive person alive. Yet at other times she was tender, caressing, sexy, and warm.

Antonio responds by going beserk, murdering his own brother who was in on Carmela's poor treatment, and stealing all the dough he can find in his house. He then manages to elope with Carmela in classical style via a ladder to her window, and they fly away to the French Riviera to begin life anew. Well, things are pretty nice now. They buy a little farm and fritter their time away largely by making love. They feel quite secure. An experienced cherry picker can teach a young man how to best prune his flowering tree

BY STANLEY WAINWRIGHT

Deflowering A Stud

THE BEST fuck in the world for a young stud who has yet to thrust and fire his gigantic sex cannon for the first time into its natural downy target, is a beautiful woman some five to fifteen years older than himself.

Preferably she should be a superbly experienced chick who has been laid regularly several times a week over a long period. Or a sensuous divorcee or widow whose yearning for hot young cock, which she now misses like crazy, is almost unbearable.

Such a woman can make a young man's first all-the-way sex encounter the most exquisite mind-blowing event he is ever likely to experience. She can teach him the joys of sex with such admirable finesse that he may never again waste time fumbling around with an inexperienced broad of his own age who ruins the whole thing by being afraid that he will hurt her, muss up her hair, stain her underwear, or — because she's not on the Pill but should be — knock her up and split.

A more sexually-mature woman than himself can usually offer him all the delights of oral sex and sixty-nine, expert hand manipulation, massage, French kissing, erotic positioning and mutual thrusting for maximum thrills. She knows how to prolong the ecstasy for both partners, plunging into multiple orgasms herself, but staving off his own climax at exactly the right moment by squeezing the head of his pulsating cock in the right place and in the approved and highly effective way, as spelled out by the world-famous Masters & Johnson team of sex researchers.

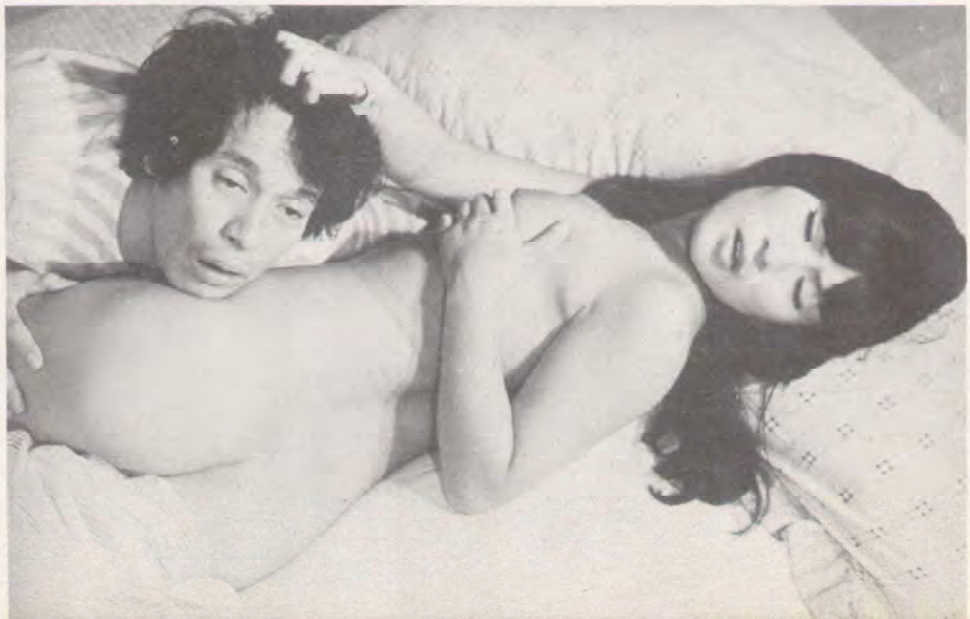
His older and more experienced partner has probably mastered the erotic fellatio technique of deep-throating his stiff dick in the Linda Lovelace manner, thrusting it down her throat without triggering the normal gagging reaction, and bobbing her lovely head up and down on his rod while she fondles his redhot nuts.

Because she knows he's new at the game, she'll deflower him carefully and with genuine feeling, showing him fantastic balling techniques he wouldn't even dare mention to a younger woman. Such techniques tend to come in mighty useful to him during the rest of his long and lusty sex life.

"I love deflowering willing young studs," said Laura S . . . ., a divorcee with lush bouncing breasts, clasp-me-here buttocks, and sinuous thighs. A flaming redhead, Laura had been divorced for over a year and was living by herself in the same apartment block as Jim B . . . ., a young auto mechanic twelve years her junior. After three meetings in the elevator, Laura had asked Jim if he could fix her electric iron. It was the start of a sizzling relationship and a sexual revelation for Jim.

"After he had fixed my iron I brushed up against him with my 37-inch jugs. I was wearing no bra and my erect nipples almost clawed him through my halter top and his shirt. He smiled weakly, and blushed, and I told him he deserved a great big kiss for being so kind. He just stood there, uncertain what to do, so I backed him up against the door, threw my arms around his neck, and kissed him right on the mouth. For a moment his lips were closed and unresponsive under mine, but when I stuck my tongue into his mouth and began to massage the tip of his own tongue with it, he started to respond like a young bull.

"I could actually feel his tremendous dick rising in all its glory and straining mightily against the zipper of his pants. Immediately I knew that I had an apt and ready pupil. It was great to hear him gasp with shock and sheer pleasure as I slid his zipper down and pulled out his weapon from inside his shorts. In another ten seconds we were both stark naked and belly to belly, and he was smothering me with kisses while I fondled his cock to its full and magnificent hardness. It was beautiful.



"Of course, when it came down to total togetherness and all the wonderful things that should precede it, he was uncertain at first, and I had to lead him all the way. But I didn't mind. I always did dig the bashful types, who usually treat a woman with much deeper respect than the know-it-all Don Juans. He did everything I wanted him to do, eagerly and with genuine appreciation. I made sure he'd learn fast, and would never forget what I taught him.

"As I stroked his penis and placed his hand over my yearning pussy I pulled him gently with my other hand towards the bedroom, and pushed him down on his back on the bed. His penis was at least seven inches long by now and thick as a nightstick. I felt him stiffen all over and arch up as I brought down my mouth on to the swollen head of his cock and gradually took it completely in my mouth, forcing it down my throat. I'd had plenty of practice doing this with my husband before that bastard two-timed me by knocking up his typist and giving her half his pay. But Jim's dong was thicker than that of my "ex," which made it possible to close my throat around it real tight and give him the biggest thrill of his life. My throat always remains moist when I'm sucking a guy off, so it was easy for me to nod my head backwards and forwards, sliding Jim's cock in and out until he was writhing in sheer ecstasy and gasping for me never to stop.

"But I did stop. I wanted him to experience every last ounce of sex pleasure out of his initiation into

Teaching a new stud old tricks is sexually exciting to a high-stepping mare

sex-as-it-should-be, so I withdrew my head, sliding his penis right out of my mouth and grasping it with my thumb and forefinger under the flange at the top. I squeezed gently and held on. In thirty seconds Jim's prick had stopped pulsing and he was ready for another glorious buildup. I gave him head again, this time oscillating much more slowly so that the sensations would be more exquisite and long drawn out. Finally I brought him right up to his climax and let him explode down my throat, swallowing his love juice and smiling as I did so to let him know that I thought he was the greatest.

Once he is broken in, the stud can give any filly a run for her money

"It would have been easy to suck him off for the second and third time, but repetition can get boring and I wanted to teach him a few other preliminary deflowering techniques. I told him without batting an eyelash that I wanted him to perform cunnilingus on me. He looked doubtful at first, but I suggested he kneel between my legs while I sat on the edge of the bed, then gently pushed his head down till his lips were nuzzling my pubic mound. Opening my slit with my fingers I invited him to do what comes naturally, and sure enough he did, kissing my inner thighs, then probing for my rapidly rising clit and tonguing it all over before taking it between his lips and sucking on it. I orgasmed right there and asked him to suck me again, repeatedly experiencing an orgasm every heavenly minute that he kept doing it.

"I now told him exactly how I wanted my breasts kissed and my nipples sucked, demonstrating first on *his* nipples and chest. Nipple stimulation of the male can be quite as exciting for him as it is for the female, and experienced women should never deprive their men of this intense sexual thrill.

"Anyway, Jim soon got the hang of it and enjoyed reciprocating on my tits with great gusto, bringing me to orgasm by using this technique alone. As he mouthed my breasts I played with his penis and nuts with my hands, bringing him to another stiff erection. Then I pulled him on top of me and inserted his dick into my vagina, with his legs outside my thighs and my love muscles squeezing as tightly as possible against his swollen weapon. In seconds he was once again in the throes of ecstasy and I was enjoying him no end. Our moist bellies slapped against each other vigorously as he thrust down and I thrust up to meet him in perfect sexual harmony. I dug my fingernails into his muscular buttocks and pressed him up inside me even

Sex Among The Insatiable

BY CONNIE LINGUS

A ROBBER strolled into a bank in a large eastern city not long ago, pointed a gun at a teller, and told her to get down on the floor. Just as he was telling her this was a robbery, not a rape, and she could put her panties back on, a burly bank detective grabbed him from behind and started trying to turn his stick-up into a fuck-up. The robber, feeling this would interfere with his livelihood and maybe even with his reputation, resisted, and the two of them started rolling around the floor much like a couple of hares in heat.

The detective, who was getting a little miffed because his badge kept jabbing him under the left nipple, got his hands around the bandit's throat and throttled him.

A crowd gathered as they were hauling the carcass of the would-be Dillinger off to the morgue, and a nifty young blonde asked another girl on the sidewalk what had happened out there.

"That little guy with the purple face and the bulging eyeballs," said the second girl, "got choked to death by a big dick."

"Golly!" cried the blonde, "what a wonderful way to go!"

To her it would have been, for she was one of the millions of sexually insatiable people lurking among us — one of those poor girls who always wonders where her next male is coming from. It has been estimated that if all these poor unfortunates were laid end-to-end, they would like it almost as well as if they were laid side by side, but nowhere near as well as if they were laid time after time.

It is hard to satisfy the insatiable and impossible if it isn't hard, because, for them, life is just a continuous game of shuttle-cock. They know that screwing is the only way of getting it all together, and having a wet dream is the best way to get a load off the mind. They spend most of their time thinking about sex, the rest of it screwing, and there are so many of them that one food company now produces a breakfast cereal aimed especially at this market; it doesn't snap, crackle, or pop — it just lays in the bowl and goes bang! bang! bang!

This is sex among the insatiable.

The insatiable sexual appetite of his daughter first came to the attention of Henry Vulva when she came home from school and announced that unless she had misplaced two missing periods, she was pregnant. Henry had always thought of Rosy, a brunette with a big smile and bigger knockers, as shy and innocent, so he was really angry to discover somebody had been sticking it to her even while she was sticking it to him.

"What's the bastard's name?" he demanded in a frightful rage.

"I sort of thought I'd wait until it's born before picking one," Rosy said, then ducked an ashtray that came sailing toward her head. She rubbed her left knocker thoughtfully while her old man explained that he wanted the name of the father, then said, "Darned if I know who it is."

Henry told her she could just go sit in her room with her panties on and both hands behind her back until she was able to name the father-to-be, and he felt a little better when, two days later, she called for him.

"Now do you know who he is?" he asked.

"No, but I've got it narrowed down," she said happily. "It was either the band or the football team."

A quick abortion solved Rosy's pregnancy problem, and after that she was allowed out only in the company of her two older sisters. Even then, their father would question them closely upon their return from a date, and after the

high school prom he called them in one by one and did even more prying than usual.

"Did you get intimate with anybody?" he asked the oldest daughter, who promptly confessed that her boyfriend had slipped his hands inside her bra and fondled her boobs, which were well worth fondling.

"Get in the bathroom and scrub your breasts," he ordered. "I want them scrubbed at least a hundred times."

The next sister denied getting intimate with anybody, though she did confess to taking her boyfriend back in the bushes and flogging his dong; so, after flogging her round little bottom, her father told her to go scrub her hands — at least a hundred times. The two older sisters were still scrubbing when Rosy entered the bathroom.

"Would you girls mind counting for me?" she asked. "I gotta gargle a hundred times."

Such insatiable sexual desires worry many people who have them, of course, and that is why

Insatiables spend most of their time thinking about sex, the rest of it screwing

Merry Roll, a lovely young blonde housewife who had a lot of charisma, not to mention nice tits and a tight pussy, decided to take her problem to a doctor.

"I can't see a thing wrong with it," he said, after studying it closely. "It's pink down the middle, fuzzy around the edges, and tastes good, just like every one I've examined in here."

"You don't understand, Doctor. I just can't get enough screwing," she explained. "My husband does it to me five times a night, but that's still not enough."

"Maybe you should have an affair," the doctor suggested.

"I've got a lover and he's good for three times a night," the distraught woman sobbed.

"This is ridiculous," said the doctor. "You'll just have to try get-

ting a grip on yourself."

"I do that, too," cried Merry. "Twice a day, at least, but it's still not enough."

The doctor told her to roll over, so he could continue his examination and see if there was anything he had missed. Merry did, and after a moment she giggled, "I hate to tell you this, Doc, but your thermometer is in the wrong place."

"No it isn't," said the doctor, "and it isn't a thermometer."

Thus the miracle of modern medicine triumphed again.

Orville Peters had been married only a week when he discovered that his bride, Lotta, a redhead with pouting lips and pointed nipples, was totally insatiable — a true nymphomaniac. This became obvious on a Sunday night, when she challenged him to a screwing contest and offered to take on seven neighbors and a stray mongrel dog as her handicap.

Declining her offer of a handicap, Orville nonetheless accepted her challenge. But even though he managed to ball her more than a dozen times, he knew he was defeated when, just as he collapsed across the bed, he heard her whistling for the mongrel dog.

The sun was shining when he awoke, and realizing he was late for work, Orville wrestled his way out from under Lotta and the dog, who was also trying to escape, dressed, and rushed off to work.

"I don't mind you being late," the boss said as he dashed into the office, "but would you mind telling me where you were on Monday and Tuesday?"

Returning from work that evening, Orville walked through the door of his bedroom just in time to find the man who lived across the hall kneeling behind a naked and squealing Lotta, who was squealing mainly because the guy had it in her rear. This was clearly a case of the wrong man in the wrong place at the wrong time, and Orville said so.

"But I had to let him, Darling," Lotta explained. "He was starting to get jealous because I've been screwing his brother."

Slyly hinting that the guy was a son of a bitch by asking if his brother was the mongrel dog, Orville then said he was going to get revenge by crossing the hall and screwing the neighbor's wife.

"Go right ahead," grinned the louse who was loving Lotta. "You look like you could use the rest."

Orville went stomping out of the room, never to return, and this so upset his wife that she stayed in bed and balled for a month.

All this activity naturally had its effect on Lotta, and pretty soon she was so stretched that it took a cathedral-size organ to satisfy her. The problem was brought to her attention the day she hopped in a taxi to go for a cruise downtown and watch the erections as they came out of the dirty movie houses.

"About your fare," she said to the driver, pulling up her skirt to give him a peek as she tried to make a piece agreement. "How would you like to take it out in trade?"

"Sorry, lady," said the driver after a quick glance. "Not unless you've go something smaller."

Something smaller is what Rhonda Roundbubs had. Her husband was a midget, and Rhonda, a lithe blonde who had married him because he was the first man she met who could go down and remain erect at the same time, found him a constant embarrassment.

There was the time at the nudist colony, for instance, when her husband, Rodney (or Rod for short, which it was), entered a dance contest and almost got clubbed to death before crawling off the floor spitting up hair. And there was the other time — after the nudist

SERVANT SEX

today, but with a very different attitude. She explains her new feeling in these words:

"I dig sex," Lucy says, "I really do. But when I swing with a white man nowadays, there's a lot more than sex involved. It probably sounds somewhat kooky, but there's kind of a symbolism involved — and I mean a symbolism with pretty damned clear racial overtones.

"For instance, if we're doing some straight fucking, and old Whitey's on top of me, socking it to me, I see it as symbolizing my submissiveness as a woman, but equality, man, on the race bit, because I'm making him work for his jollies. Most of the time, though, I like to be on top. I mean, I just like to roll him onto his back, straddle his hips, and slide myself right down over and onto it. That's no longer just equality, man, that's beautiful black me giving Whitey what's for!

"On that same score — black me dominating white him — I really dig having him lick my pussy. You know, really get down there and bury his face up tight between my thighs, and really woof me, really swab me out with his tongue! I mean, that's really great where just *sex* is concerned. But what with this kicky symbolism I got going for me . . . well, man, now it's Whitey who's the slave!"

In American homes today there are hundreds of thousands of girls and women whose work poses unique sexual temptations and opportunities. Among them are full-time and part-time maids, cooks, nursemaids, governesses, mother's helpers, women who come in to do cleaning, laundry or ironing, and baby-sitters. And speaking of baby-sitters, you wouldn't believe the number of "dirty old men" who seduce them.

Consider the case of Tom, a 35-year-old businessman in Beverly Hills, California. He hired a 19-year-old girl named Julie from his garment factory one night to baby-sit while he and his wife went out on the town. When they returned that evening his wife went right to bed. Tom had been drinking and thought he'd better have some coffee before driving the girl home. As he sat beside her on the couch, he became intoxicated by her nearness, the scent of her exotic perfume, the ripeness of her pert young breasts welling up through the vee of her low-cut blouse, and the expanse of her nylon-sheathed thighs revealed by her short skirt. In a momentary lull in their small talk, the girl faced him suddenly, her face aglow with obvious sexual longing, and Tom yielded to an impulse to kiss her.

She responded with the parting of her moist, full lips and the squirming of her wet, warm tongue into his mouth. Instinctively, Tom sucked her tongue, as he cupped the swelling of one of her ripe breasts with his hand. Instantly, he realized what was happening, and realized, too, that he should desist at once. But before he could act on his realization, she had unzipped his fly, extracted his penis, and was avidly stroking and fondling it. The touch of her nimble fingers squeezing his now-throbbing organ melted the last of his resistance. He plunged his hand down inside the front of her blouse and under her bra and ardently kneaded the warm flesh of a bare breast, feeling its nipple spring tautly into the palm of his hand.

Clearly inflamed by his sucking of her tongue, and by the clutch of his strong hand on her naked breast, she drew suddenly away, slid to her knees on the floor before him and, taking a full third of his swollen penis into her warm, wet mouth, began sucking him with an abandon and enthusiasm he had never before experienced — not even with an orally adept call girl whose services he occasionally hired. Literally helpless before her mouth-churning, head-bobbing onslaught, he strained back against the couch, caught his breath sharply, and gave the lovely young girl full rein. She, in turn, increased the fervor of her squirming tongue, gliding lips and hot, sucking mouth, until he exploded at last, his organ thrust sharply and deeply into her throat, in a violent, penis-shuddering ejaculation.

The act completed, the girl drew back his foreskin, licked his glans penis clean of every last trace of ejaculate, then tucking his organ back into his trousers, zipped him up and sat on the couch beside him. Her eyes aglow, she begged him to tell her how well she had done. She considered sucking a man's penis to full ejaculation a "fine art," she said, which she wanted more than anything else to master. She added that it gratified her completely, to the point of her own orgasm, in fact, to witness and feel the reaction of a man when she "sucked him off." Tom assured her that, as far as he was concerned, she had indeed mastered her "art" already.

Tom was so impressed with Julie's prowess at fellatio that he convinced his wife they needed a full-time maid and hired Julie at double the salary she was making at his garment factory. From that day on, Tom got a beautiful blow job whenever he wanted it. So he was happy and his wife was happy because she had a full-time maid, and Julie was happy because she was making twice as much money and doing what she loved to do best — sucking cock. So Tom had the best of all possible worlds.

Undoubtedly, the world would be a happier place if all men could afford a servant girl. So, men, if you're not wealthy and don't have a female servant already, save your pennies. And when they accumulate into enough dollars so that you can afford a servant girl, by all means hire one. It's bound to be the best investment you've ever made — sexually speaking. □

DEFLOWERING

further, making him throw back his head in sheer enjoyment. I could have rolled from under him, delaying the action right there and prolonging it by letting his throbbing cock calm down, but this was his scene — his attainment of proud sexual manhood, and I was determined to let him savor it to its maximum depths. Once again he plunged into a writhing, mind-boggling climax and I accompanied him, straining against him until we were both drained dry.

"It took all of two hours before Jim was good and ready to take some post-deflowering instruction. Because he had already blown his wad twice it was possible to sample with him over thirty different positions and techniques, including rear-entry variations and anal stimulation. He had heard of some of them but by no means all. We varied the location almost every time we coupled — in the bath, under the shower, on the living room rug, under the bed, against the kitchen sink, inside the closet and on the table top. He slept soundly that night, but was rarin' to go again in the morning, so I repeated the whole deflowering process with even more sensual variations. There's one thing I can say with certainty about Jim — today he's sure glad he met me."

Psychologists insist that older, unattached women yearn for sex with young and perhaps inexperienced males because they are plagued with an intense motherly instinct to *teach.* Other authorities suggest that sex is a domineering instinct, and often a woman who has been discarded by a lover of her own age will take a younger, inexperienced man under her wing just to teach him everything she knows and satisfy her own "mothering" urge.

In one recent survey carried out by Dr. Elnora Reed, research psychologist with the Belmonte Behavior Foundation, it was found that some women who find the concept of sex with a much younger man erotic, usually picture themselves engaging in activities with him that they would never consider with a man their own age. Almost without exception they found the idea of performing fellatio on the young man extremely stimulating, though the majority had never felt any such desire previously.

Dr. Reed offered some practical reasons why mature women preferred to think about "total sex," including every technique in the book, with young males. One reason was that the inexperienced male could hardly be critical of the woman's performance, and this was comforting to the female. Another was that in the younger man the women saw a sexual object that was completely non-threatening. Youth to them is synonymous with innocence, purity, and cleanliness — qualities they felt were lacking in a mature male. They feel they can use the younger man to satisfy their most secret and urgent sex desires, knowing full well that it is SHE who is using HIM, not the other way round.

According to Dr. Reed, over half the mature women she interviewed had flirted heavily with much younger men than themselves. Of these, 35 per cent had actually seduced their "pupils". All the men were 14 to 21 years old, and all but one had never gone all the way with a woman.

The men were who you might expect them to be: Stock boys, delivery men, guys who raked and mowed lawns. In other words young men accustomed to accepting directions from the women who finally seduced them and taught them the ultimate joys of all-in sex. For the most part, the affairs consisted only of two or three sizzling sex sessions, and that was the end of them. Usually it was the women who put an end to the encounters. "Probably," said Dr. Reed, "it was because the now-no-longer-innocent young men had lost their attractiveness. The newness was gone and the women had no more to teach them."

But what these mature and vastly experienced women do teach when they get the chance, never fails to fill a virile young stud with appreciative surprise. "Man she was the greatest!" said Ernie G . . ., a strapping young stud working with a domestic clean-up outfit. "She called me up from the basement for a coffee and greeted me at the top of the stairs stark naked and ready for instant lessons in sensational screwing. Right away she said, "'Come on honey. Straddle my lap and we'll talk over the prospects of you cleaning up the entire house!'" She sat down on a chair before me and her big jugs jiggled against my belly as she whipped my belt off and unzipped my pants. In five seconds flat I was as naked as she was, and sitting on her knees while she massaged my cock into something that looked like the Tower of Pisa.

"'Man, you're really hung!'" she said. "'Change over. You sit down and let me slide my slot down on it, honey. How do you like my tits, by the way?'" She pulled my head down on to them and invited me to suck. Her nipples were like swollen cherries.

"Next thing I knew she was lowering herself on to me, wiggling her ass until she had the head of my dick in her moist opening. She placed my hands on her buttocks and invited me to squeeze as she rapidly worked herself up and down on my shaft.

"She was the tightest piece of tail I'll probably ever have. Her pussy was so sweet and tight on my rod that I figured she was trying to draw my juice from me before I was ready. "'Suck my tits again, honey! Suck 'em harder, and when I get done screwing you I'll suck that lovely tool of yours,' she moaned as she came.

"She did, too. Just as I was about to blast off inside her she stood up and my dick slid out of her throbbing slot. I knew then that she wanted my juices, but instead of in her pussy she wanted me to come in her mouth.

"Man, the way she showed me how it should be done! She rubbed her tongue up and down the shaft of my penis, then flicked the tip of it all around the head. Then she licked down the shaft on to my swollen rocks until I thought I would blow my mind with excitement and pleasure. As she felt my shaft throb inside her mouth, she sucked even harder and clamped her mouth on it more tightly. I exploded, and she groaned and gasped with joy as she sucked me dry.

"She kept on sucking my limp shaft

until my balls ached, but then my aroused penis started to become hard again. She sucked and chewed around the head and soon had me stimulated as stiff as before. Then she surprised me again. She withdrew her mouth, stood up and bent over the chair with her ass in the air and her legs wide open. 'Give it to me from behind, honey. Fuck me good, doggy fashion, and tickle my clit at the same time.'

"Naturally I did as I was told, following her instructions to the letter as she rattled off a list of other suggestions for the wildest screwing I'm ever likely to experience. Though she didn't say so, I think she knew I had never been shown how to enjoy the best possible fucking available. And she was having a ball showing me."

Ernie's energetic instructor summed it up herself the next day when she invited him up for "coffee" again and gave him a few more lessons in total seduction.

"When I find a guy your age and with your assets," she grinned, "I'm a chick who just can't keep her thighs closed!" □

MANIAC MYTHS

Continued from page 21

She used to sit naked on the edge of the bed with her thighs wide open and invite me to sit on her lap and tickle her genitals with my cock which she would keep stimulating. She also got me to suck her tits."

Another sex maniac gave an even more pointed and harsher description of his mother: "She was sexually aggressive to the point of actual and repeated incest. Then suddenly she pressed charges against me and had me arrested."

This same sequence of events — offering sex then yanking it away — was duplicated in the sex maniacs' marriages. This was so because the men tended to marry women who closely resembled their mothers — women with strong currents of aggressiveness and warped ideas about sex.

These rapists' wives were themselves consumed by the fear that some man might rape them. They hated to be alone in their apartments. They were continually hounded by the thought that some man might be following them on the street. They were afraid to go out alone at night. Rape was constantly on their minds.

This heightened fear of sex was displayed in their relations with their husbands. These wives were passive in bed, submitting to intercourse, but obviously hating every minute of it. Several were completely frigid, unable ever to have an orgasm. Several others required bribes of money before they would strip and copulate with their husbands. They refused unanimously to perform fallatio on their mates, and showed little interest in foreplay.

Plainly then, the rapists' wives were behaving exactly like the rapists' mothers — offering sex, then withdrawing it, accepting the male, then rejecting him. Obviously such fiendish female behaviour is calculated to drive a potential sex maniac into the asphalt jungle where he can find a victim for his now unbearable urges. Yet, contrary to accepted assumptions, prowling sex maniacs do not openly drool and mouth obscene words when they see the woman they want to violate and hurt. Nor do they constantly lock themselves inside the bathroom and masturbate before pictures of naked females.

In fact, many authorities think that "sex maniac" is a misnomer. Maniac means a raving lunatic, a madman, according to Mr. Webster, but a sex maniac is only a raving madman for a few minutes or even seconds — when he actually forces his victim to submit, harms her physically or kills her.

But what was he before he flipped?

He could have been anybody: a teacher, a doctor, a movie star, bank teller, plumber, bus driver, politician, cop. The typical sex maniac picture presented to students of psychiatry is that of a man who wants the world to think he is a pure, unblemished character, devoid of any unnatural thoughts or desires about sex.

Because he does think of himself as a pure individual, he begins to blame others for their obvious impurity. He sees everyone else as dirty-minded and evil and quickly appoints himself as the judge who would condemn and punish those who seek to make sex an important, natural part of living.

With his own mind seething with secret carnal desires, he tends to join any goofy organization that is against obscenity in books, magazines, movies, and television. He writes pious letters protesting sex instruction by the schools or churches. He buys every sex-slanted book and magazine he can lay his hands on and lets it be known that he is merely "protecting" the public and especially children by studying them carefully. Even though he gets sick to his stomach reading and looking at such filthy material. After all, he argues, someone has to face up to the unpleasant things in life, and though it might make him throw up, he would be glad to censor all the "obscenity" found in magazines, books and movies, without being paid for such an important service to the public.

This man, this potential sex maniac, may be a highly respected member of his community, a staunch, upright citizen admired by many people for his constant war on what he believes is wicked. He may very well be married and the father of several children.

Certainly, this type of person, the do-gooder, the smut and filth fighter, is by no means always a potential sex maniac, but to psychiatrists his profile is more familiar as a hot prospect than that of any other man. He is the one most likely to be on the brink of losing control.

So, if you're wondering who could be a sex maniac in your neighborhood, or what a sex maniac acts like, don't get all hot and bothered under the collar when your girl friend playfully accuses *you* of being one. And don't look for a babbling, wild-eyed raving lunatic who runs around naked and beats his chest. Instead, look at your friends, neighbors, fellow-workers and civic leaders. He could be *anybody* . . . □

DIRTY JOKES

Continued from page 8G

tial night, the mother asked her daughter anxiously: "Did your husband get upset about the bird?"

"No, the bird didn't bother him," replied the bride contentedly, "but he sure as hell got excited when he found its nest!"

A man doesn't have to do much guessing about the girl who told this story. He should put her down in his little black book with a gold star next to her name because he only hears a story like this from a chick every two or three years. The story matter, the symbolism is so direct that the point doesn't have to be labored. The girl is a certainty when a man's stout redheaded visitor pops up at her labial lobby looking for a warm and cozy womb at the Y.

Let's assume a girl tells you this story:

All of the fellows at a City Hall didn't want to work near a certain employee because of his large and overpowering case of halitosis. Finally the mayor approached the employee and said: "Look, I don't want to hurt your feelings, but the other men around here are shunning you because you have terrible bad breath."

"If YOU had to kiss the asses of as many politicians as I did to get appointed to my job," snapped the employee, "you'd have bad breath, too!"

Pretty good, most men would figure. Earthy and hard-hitting. Direct. Straight from the shoulder. But watch it! The system tells you immediately what the girl is really saying when she tells a gag like this. You should be able to see that she's voicing a cry of protest against imagined social and economic exploitation of capitalism by the political system. This chick is a radical—or even a subversive. You can't afford to be seen with her.

In a different mold is the girl who'll tell you this story:

An adventurous young widow had been to North Africa, returned, gotten her best girlfriend and talked her into coming back to Africa with her.

"It's a crazy place like you never saw," said the initiated one. "They

get all the big apes they can from the tallest trees in Africa and they strap them in steel chairs that tilt back. Their legs and chests are pinned tight in the steel chairs, and so are their necks. The only thing that can move is their lower torsos. Their heads are covered with cloths and after they're strapped in, the chairs are tilted back and locked. Then you climb up over the ape, fix your feet in some stirrups, and you're ready to lower your pussy down over their huge cocks that have been excited into erections.

"Holy cow!" exclaimed the girlfriend. "You've got me worried. How the hell do I ever keep up with an ape who's screwing me?"

"Don't worry," giggled the first girl. "When the fucking starts getting wild, you'll keep up . . . believe me . . . you might even get a little ahead of the ape!"

You can see at a glance that the symbols of the trees, the animals, and the reference to sexual prowess more than counterbalance the passing reference to physical endurance and pain. The chick who tells this story will go for anything. She'll even go to bed with a rhinocerous, providing he's horny enough. She'll pleasantly surprise a man, maybe as much as three times the first hour. However, a word of warning. See your doctor afterward.

Try your powers of observation on this gag:

A man was wandering around the hills in southwest Missouri when he spied an attractive country miss walking along the road. He stopped, asked if she wanted a lift, took her down the road a piece, ended up in a lovely and secluded glade in the grass with the lass. Before he left, he looked in his pockets for a present to give her and found he had only a $10 bill and a quarter. He handed her the quarter and she said: "Mister, you're going to have to fuck me twice more. . . . I ain't got no change!"

Would you take out the girl who told you this story? The answer should be no. First, look at the price. Three screws for a quarter? This girl is cheap if her idea of sex is that low. Second, any girl who tells stories about putting out for dough—making the theme of the gag money—won't do nothin' for nothin'. She's liable to pick your wallet while you're asleep.

A secretary had been working for a firm for about six months when she heard rumors through the office grapevine that she was going to be fired for being too uncouth. She marches straight to the personnel manager's office and snapped, "Listen, I've been doing my best to turn out satisfactory work. I've even gone to night school to improve my education, and I've been coming to work early and leaving late. And furthermore, what's all this *uncouth* SHIT?"

The girl who tells this story is earthy and loves to flaunt authority. If you get her in bed, she might amaze you with the tricks she'll want you to perform. Contrast this girl with the one who tells the gag about the guy who thought he was a hot-shot stud, and while he was making it with a chick, said, "Open your mouth and maybe I can see the end of my cock."

"Wiggle your fanny!" snapped the girl. "Then maybe I can feel it!"

The girl who told this latter gag is a no-no on your Gland Canyon hit parade. Unconsciously she's putting down the male sexual prowess by her telling a story like this, and no matter how good the guy is in bed with her, she won't like it. She measures every man by the length of his prick, not his ability with it.

A girl who likes sexual innovations and isn't afraid to try anything new will tell a story like this, about a young bridegroom who was so bashful that he always referred to sex as "using the washing machine." Every time he'd come home from work he'd ask his curvy bride: "Shall we use the washing machine tonight?"

Then one evening he noticed a large, flat blue box in the bathroom, so he sighed: "I guess the washing machine must be in for its monthly service call."

"Now, don't you fret, darling," exclaimed his pretty bride. "I can always go down and use the old top loader!

Or the same girl might tell this story about the couple who were getting married and the bride's best girlfriend said: "Write me every day about how you like married life, but don't say the obvious things. Just talk about ice cream."

So the couple got married, and the first four days, every day the bride's girlfriend got a letter from the bride about how well she liked ice cream,

but on the fifth day the letter said: "The ice cream is all gone . . . now he's licking the box!"

What about the girl who tells this story?

A lady reached into the sugar bowl for change to pay the paper boy, and found it empty. She called for her husband, who questioned the kids and found out their teenage son had taken the fifteen dollars for a blow job.

"All right, son," said the father, "you march up to your room and stay there until we decide how to punish you."

Then the father went back to the kitchen and asked his wife, "Honey, what's a blow job?"

"I don't know," replied his wife. "Why don't you call my sister and ask her? She's a schoolteacher and knows lots of words."

So the man picked up the phone, dialed his wife's sister's number and asked: "Honey, this is Bill. What's a blow job?"

"Well," replied his sister-in-law, "I usually charge fifteen dollars like I did for your kid, but for a guy hung like you are, I'll make it twelve . . . !"

When a girl tells a story like this, there's no doubt that she knows what she's talking about and is familiar with blow jobs. There is a hint of sexual prowess in this story, plus the willingness to take on more than one man, which negates the minus of money. So this chick is a good one to engage in a little hand-to-gland combat in bed.

See how simple it is? Give this system a try the next time you meet a likely-looking chick. Just ask her to tell you her best dirty story, then you apply the scoring system and you never again need be caught with your pants up.

And if she won't tell you a dirty joke, don't despair. There might still be hope. It may merely mean she takes her sex too seriously to make fun of it. And that's no joking matter. She may be like the girl who said to her new boyfriend: "What do you think I'd do if you grabbed me, tore my clothes off, and then tried to rape me?"

"I don't have the slightest idea," replied the boy.

"Well," insisted the girl as she started unzipping her dress, "aren't you even a little bit curious?"

INSATIABLE

Continued from page 51

colony was clothed for the winter — when he lost his glasses at a wife-swapping party and the hostess got mad because he chewed a hole in her new shag carpet. Things got even worse when he ruptured a disc because of a typographical error in a sex manual, so Rhonda went looking for a man . . . or men.

She had found and finished with seven and was parked in an alley working on her eighth when Rodney, spying their car, rushed up and, standing on his toes to look in, demanded, "Rhonda, why are you doing this to me? Why are you out here screwing a stranger in the front seat of our car?"

"I ain't doing it to you. I'm doing it to him," Rhonda observed, still doing it. "And I'm doing it in the front seat because two more strangers are in the back seat, resting up."

Rodney then challenged the three strangers to a fight, but instead of fighting, they tossed him a quarter and told him to go to a movie or buy himself some ice cream. He was last seen when he appeared in a pornographic film, which was something of a comedy because he had such a small part.

Now and then some man is fortunate enough to meet not one but two or more of these insatiable females, and at such a time the wise man will take certain steps to insure that he is capable of rising to the occasion . . . and staying erect until the occasion is over.

John Wiseman was a wise man in more than name, so he was quick to recognize the opportunity that was his when Minnie Hadher, a delectable nympho he knew, told him she had a twin sister who was also interested in culture, music, and marathon fucking, and suggested that the three of them get together at his apartment for a group session.

To prepare himself for the terrific orgy he envisioned, John rushed down to see the friendly neighborhood druggist and told him he wanted the most powerful aphrodisiac that could be had. The druggist put it together.

"This is really powerful stuff. It'll keep you going for days," the chemist said, handing him the potions. "But it takes a little time to work, so you'd better take it now."

John quaffed the elixir, took off out the door, and a week passed before he came straggling back.

"Give me some liniment," he moaned.

"For your penis?" asked the grinning druggist.

"For my arms," John barely managed to utter. "The girls didn't show up."□

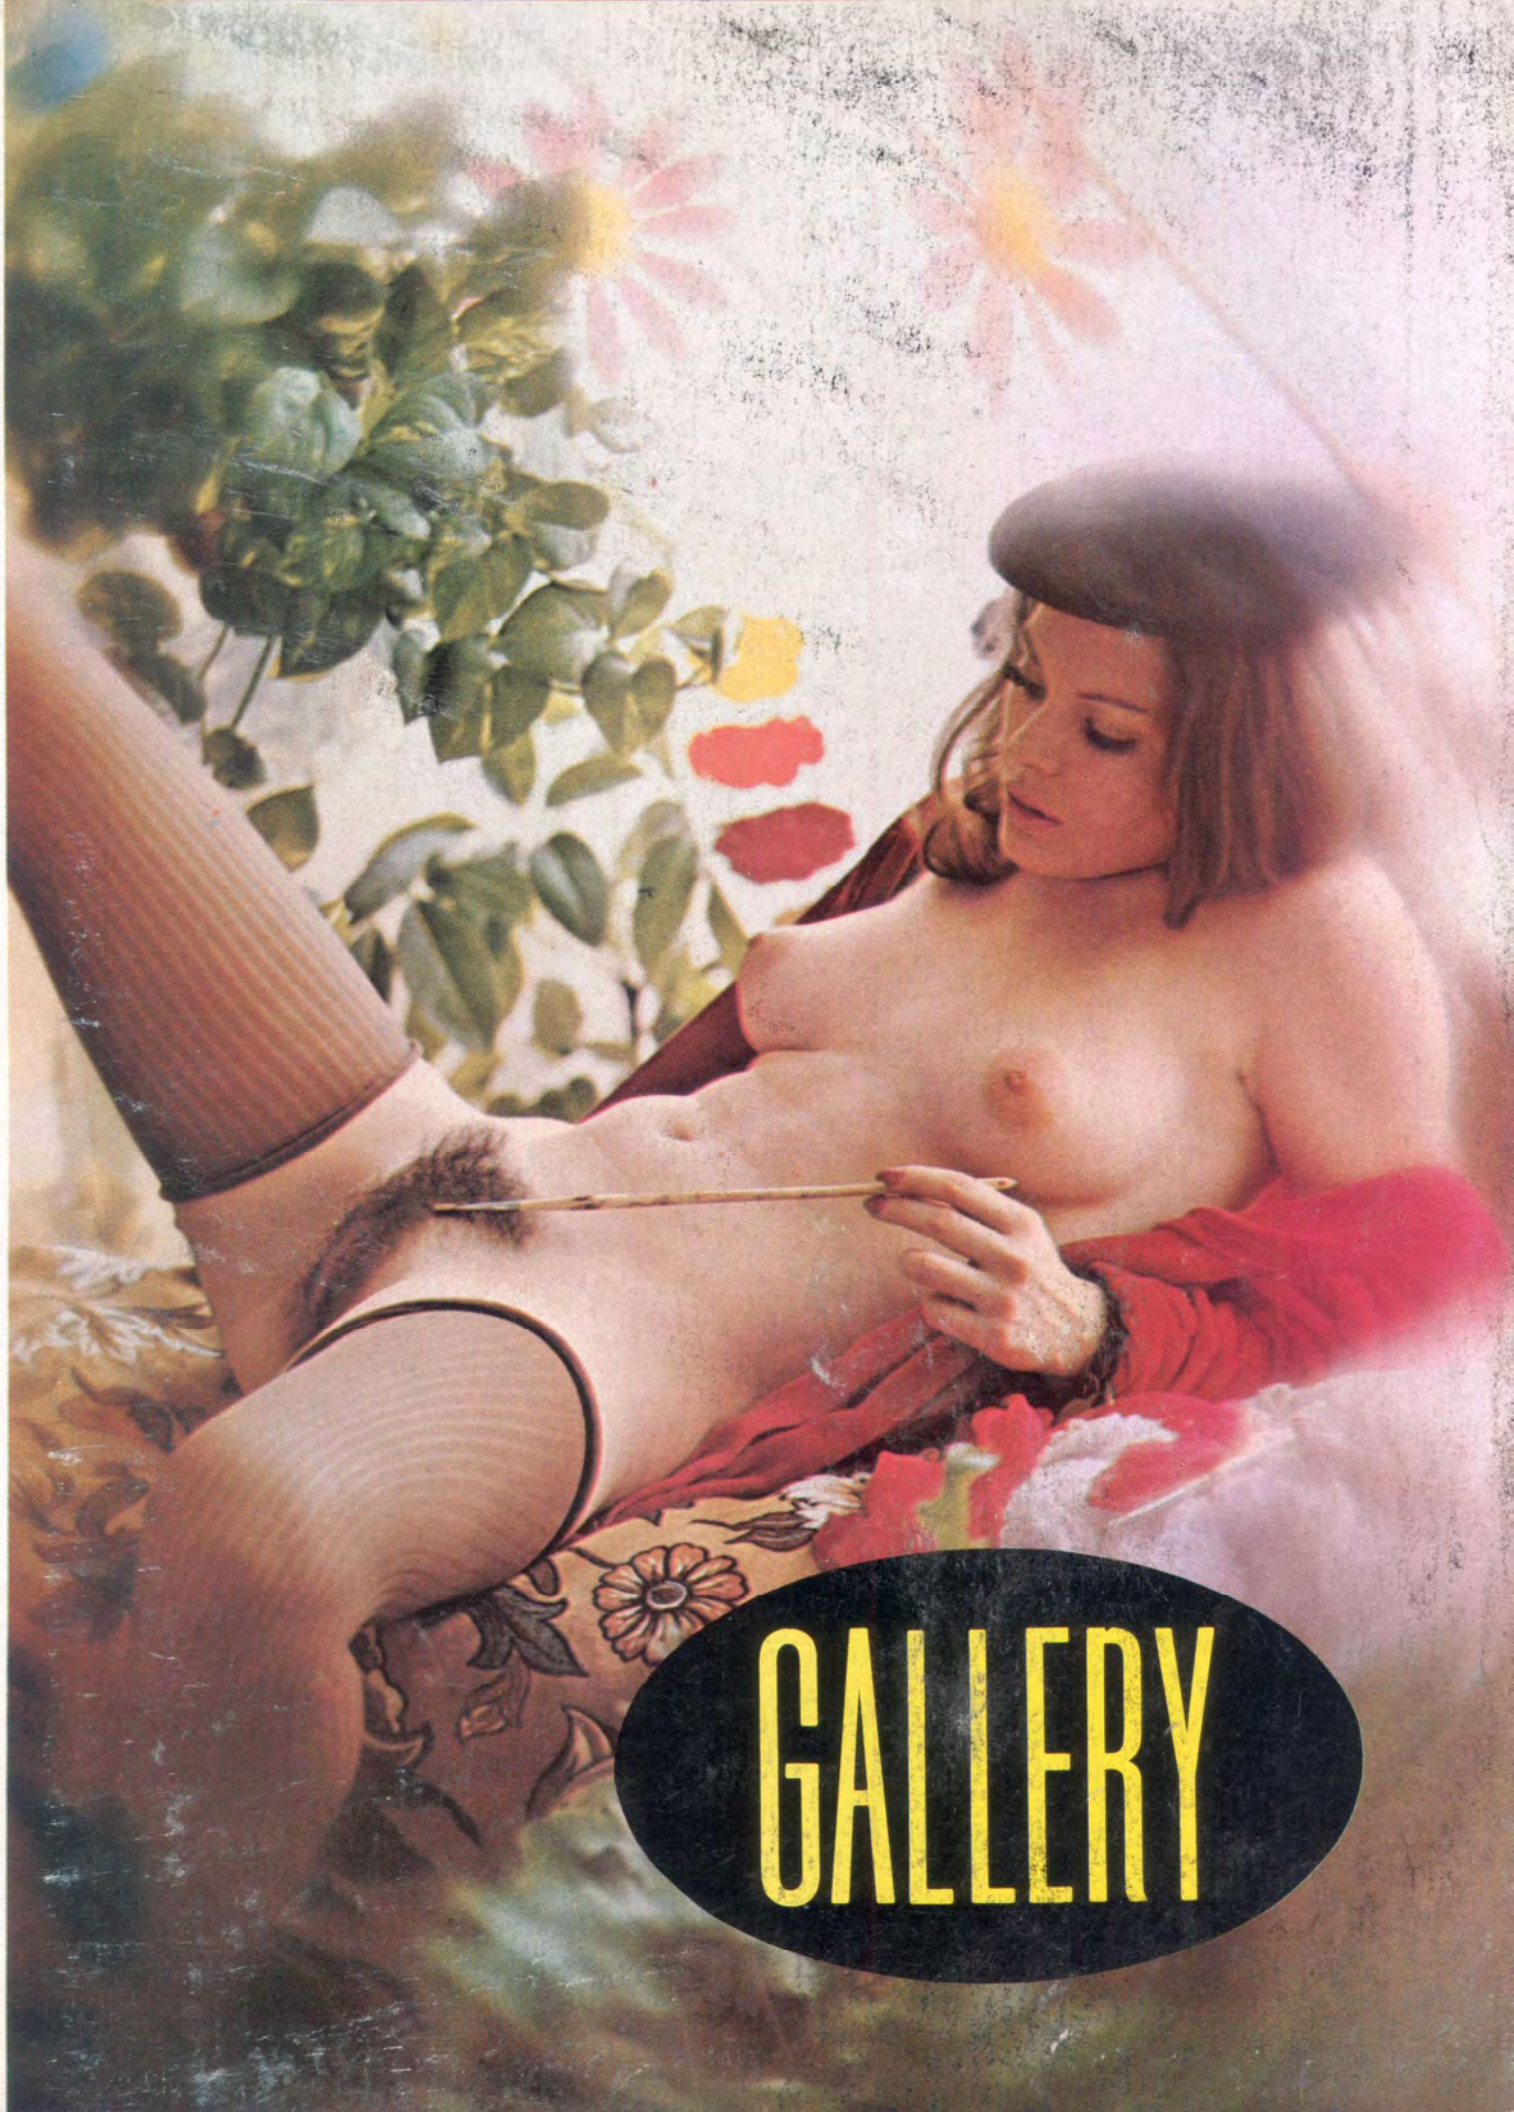
Tis the season to be jolly and to bless us all with boughs of holly; so stop dragging your Christmas ass and jerk the yuletide in with Lana Pinkerton (right), Sarah Lange (left), Susan Pride (below), and Elaine Licher (above).



GALLERY

Ah, the Christmas spirit is in the air once again. Drunks are puking in the streets, police are scraping up the remains of "spirited" drivers from the highways, and real guns are the toys of Christmas. So if you can stay sober, out of jail, and alive over the holidays, enjoy our angels of mercy: Caroline Hatteras (above), Fawn Wilde (right), Nancy Jardin (bottom right), Helena Jerons (top right), and Alice Jensen (top far right).
